

Write a Poem!

Student Name _____ Date _____

Part 1

1. How would you describe the way your animal or insect looks? Think about its color, shape and size.

2. If you could touch your object, what would it feel like?

3. How does your object move?

4. Can you make any guesses about your object's mood based on its movements? Is it excited, scared, etc.?

Part 2

Now, complete the *Web Cluster* worksheet for your new animal or insect, just like you did for “bird.” When you’ve finished with your web cluster, move to *Part 3*.

Part 3

Follow these guidelines to write 3 metaphors of your own:

- a) In the first blank of each sentence, write the name of your animal.
- b) For the second blank, choose a word from your *Web Cluster*.
- c) In the last blank, describe how your animal might be like the word you chose. Use your *Web Cluster* to help.

1. My _____ is a _____
because _____

2. My _____ is a _____
because _____

3. My _____ is a _____
because _____

Part 4

Write a 5-7 sentence story about your animal or insect. Use your notes and *Web Cluster* to help you as you write.
