**The Deed of Gift**

The Deed of Gift is one of the most important items that must be attended to on the day of the interviews. This legal document ensures that you or your school district retain the rights to the completed video. This does not mean that you cannot share a copy with the veterans and their families. It means you have copyright ownership of the material.

Video ownership and copyright details vary from school system to school system. You should check with your school system to make certain you are aware of the laws.

See the [Sample Deed of Gift](#) and create something similar that meets your needs.
